

SAT, ACT, MCAT: *prep that starts with one number.*

How goal-based preparation works — in 7 pages.

The problem: too much, aimed at nothing.

More practice books, more tabs, more tips. Students work hard on skills that barely move their score.

The screenshot shows the LakshyaPrep website interface. At the top, there's a navigation bar with the LakshyaPrep logo, a menu for 'Exams' (GoalGap, Scan, Method, Results, Pricing, About, Contact), a 'Sign out' link, and a 'Lock my goal' button. Below this is a header section with 'SAT · ACT · MCAT', 'GOAL-BASED PREP', and 'LIVE 1:1 + GOALGAP AI'. A secondary navigation bar lists various options: Overview, Diagnostic, Gap report, AI Advisor, Route, Practice, Mock tests, Full tests (which is underlined), Free scan, and Scores & data. There's also a 'Saved on this device' indicator. The main content area is titled 'FULL-LENGTH SAT practice tests' and includes a description: 'Real section counts and timing, one sitting at a time. No question appears in two tests, and you see nothing until the end — like test day. Practice test 1 of each exam is free with an account.' To the right of this text are buttons for 'SAT', 'ACT', and 'MCAT'. Below this is a section for 'Time accommodation' with buttons for 'Standard time', '1.5× extended time', and '2× extended time'. At the bottom, there are three cards for 'PRACTICE TEST' for SAT test 1, SAT test 2, and SAT test 3. Each card shows '98 questions · 134 min' and a 'Start test' button. The SAT test 2 and 3 cards also indicate they are 'Locked on a free account' and have an 'Unlock all tests' button.

Step 1 — Scan.

A short adaptive diagnostic shows where points are leaking, by skill and by section.

Step 2 — Lock.

The student sets a goal score and test date. GoalGap turns that into a week-by-week route.

Step 4 — Land.

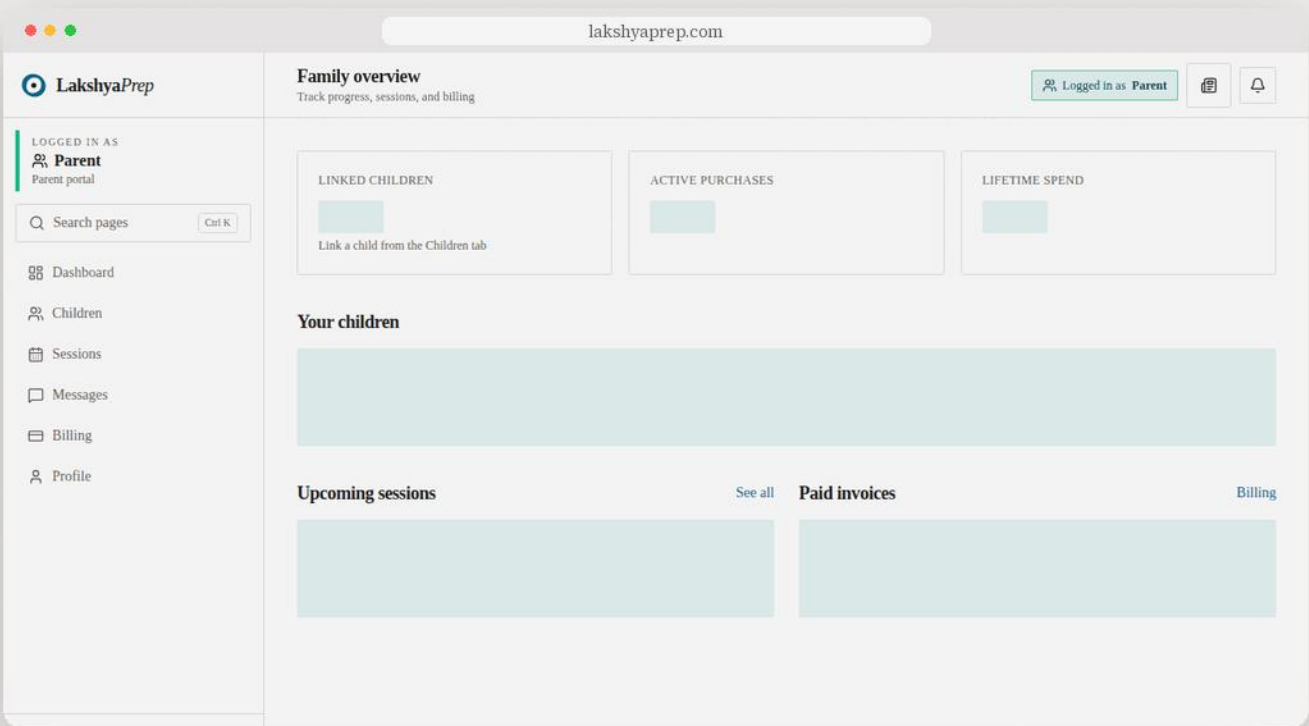

Every miss flows into a review log and spaced repetition. Test day comes with a rehearsed pacing plan.

The screenshot shows a web browser window with the URL `lakshyaprep.com`. The page is titled "MOCK SCORE REPORT" and displays an "SAT estimate: 510–730". Below this, a note states: "Scored from this mock alone, as a range. Your overall estimate on the dashboard blends this with everything else you've answered." The dashboard is divided into two main sections: "READING AND WRITING" and "MATH". The "READING AND WRITING" section shows a score range of "290–390" and "13 of 54 correct". The "MATH" section shows a score range of "220–340" and "6 of 44 correct". Below these sections is a "REVIEW" section with a sub-header "19 of 98 correct · 79 to review". A checkbox labeled "Show missed only" is checked. The review list includes several items, each with a red "X" icon and a dropdown arrow:

- Q1 Central Ideas and Details · Reading and Writing
- Q4 Cross-Text Connections · Reading and Writing
- Q5 Boundaries · Reading and Writing
- Q7 Transitions · Reading and Writing
- Q8 Command of Evidence (Texts) · Reading and Writing

Parents see the whole picture.

Goals, sessions, progress reports and billing for every child in one place. AI support stays a starting point — a human coach reviews it.
